THE BOTANIST AND
THE COLLABORATORS
BY: NEILA MEZ

The Botanist and The Collaborators

"The Collaborators" is a darkly comedic video for two women living with guilt and unspoken secrets.yet closely tied together .

"The Botanist" is a series of bleak humorous photos depicting a day at the park summing up the human condition in all its frailty through one woman's eyes.

Written By: Neila Mezynski

An avid reader, Mezynski finds writing to be a natural outlet and began the pursuit of writing through art and music reviews. Especially enjoying the descriptive side of reviews she naturally turned towards prose poems and short fiction creating images through words. She has had six small books published through independent presses.

Neila Mezynski has spent her life steeped in the arts. The combined medium she pursues are seemingly joining forces through writing one act plays. To date Neila has written two one act plays. Abstraction being arguably the most challenging language with which to define ideas, images, etc., her own lifelong interest in developing her own “language” is all consuming to Mezynski.
